11103	1	Document holder AUTOPSTENHOJ
11104	1	Magnetic tool tray set, 1 set = 2 pcs.

The 2-post lifts of the Maestro 2.xx series impress with their premium construction.

They come with **extremely stable and welded columns**.

Smooth running behaviour is ensured by the **roller-bearing carriage**.

The **cold-rolled spindle** guarantees a **particularly long service life**.

The welded and symmetrically installed posts are perfectly suited for lifting **large and heavy vehicles up to 6.5 t at maximum**. Through its **unique columns** the Maestro 2.65 has not only the **strongest, but slimmest post available on the market**. Due to its special swivel arm construction with cross beam the Maestro 2.65 is appropriate for a wide car park.

Maximum safety with optimum access to the vehicle!
